**5. Do I have to attend all four days of the course?**

Yes, if you wish to receive the course completion certificate for this PM refresher course (48 hours). If you miss any part of the course, you will still receive the CE hours for the total time you attended. For example, anyone leaving early (more than one hour), or arriving late (more than one hour), will be marked absent and will only receive CE hours and will be ineligible for the course completion certificate. Please let the coordinator know if you know you will have to miss any of class.

**6. Is there homework?**

Yes, in order to receive the full 48 hours for paramedic refresher course, the homework is awarded as 10 asynchronous CE hours.

**7. What are the requirements for NREMT renewal?**

The Paramedic National Continued Competency Program (NCCP) requires a total of 60 hours of continuing education to recertify. The model requires continuing education in three components: (1) a national component, (2) a local/state component, and (3) an individual component. This course provides the 30 hours required for the national component, and an additional 18 hours you may use for your state/local recertification. Complete NREMT details are available at: <https://www.nremt.org/rwd/public/document/paramedic-recert>.

**8. What else do I need to bring?**

Bring your NREMT license number or your county number.

As in any large gathering, the room temperature is likely to fluctuate. Dress in layers, and bring a light jacket or sweater in case the air conditioning is too cool for your taste. We have water here, so consider bringing a water bottle to refill. And, of course, bring your lunch or money to purchase lunch.
