News | Updated: 12/09/2020
Due to the upcoming holidays, the last SRC review for the calendar year will take place on 12/17/20. Please be sure to enter your requisition requests by this Friday, December 11, at 12 Noon, in order to be reviewed by SRC before the end of the calendar year. After 12/17/20, SRC will resume their weekly review after the New Year.
We will, of course, continue to process requisition requests after this Friday, December 11. If you have any extremely urgent requests, please let us know, and we will work to find a way to get it reviewed.

ONLINE CLASS
SOFI Training/Culture of Safety
Last Updated 11/02/2018 Duration 20 minutes
Details
At UCLA Health, we constantly strive to improve both patient safety and outcomes. The best way to do this is to build a strong culture of safety by enabling individuals to communicate actual or near miss events and opportunities for improvement. In turn, key stakeholders are made aware of situations and action plans are developed to improve care. The event reporting system is the primary source in UCLA Health that helps us identify opportunities for improvement. In preparation for the SOFI go live, all UCLA staff are required to watch the following culture of safety video, which also includes training on how to report an event in SOFI. In addition, on-site training will be provided to leaders who receive and follow up on events prior to go live. We are very excited for the implementation of SOFI as UCLA Health continues its journey toward growing a stronger culture of safety with the entire UCLA team. If using a Mac, please use Chrome or Firefox.
