To access the SOFI Training go to the [Cornerstone for SOFI Training](#). Then follow the steps below:

- Use your Mednet username and password to log into the Cornerstone site.
- In the search field (Top Right) type SOFI.
- Click on SOFI Training/Culture of Safety to be taken to the training
- Click the down arrow under Request
- Click on Launch to start
Welcome David!

Attention Managers: If your direct reports show incorrectly when assigning or approving training, please submit a Position Management Request via the Kimesupport Experience Center to update the information.

CareConnect Classroom Training: CareConnectTraining@mednet.ucla.edu
CareConnect Online Training: CareConnectOnlineTraining@mednet.ucla.edu

Due to the upcoming holidays, the last SORC review for the calendar year will take place on 12/17/20. Please be sure to enter your requisition requests by this Friday, December 11, at 12 noon, in order to be reviewed by SORC before the end of the calendar year. After 12/17/20, SORC will resume their weekly review after the New Year.

We will, of course, continue to process requisition requests after this Friday, December 11. If you have any extremely urgent requests, please let us know, and we will work to find a way to get it reviewed.

SOFI Training/Culture of Safety

Last Updated: 11/02/2018  Duration: 20 minutes

Details

At UCLA Health, we constantly strive to improve both patient safety and outcomes. The best way to do this is to build a strong culture of safety by enabling individuals to communicate actual or near miss events and opportunities for improvement. In turn, key stakeholders are made aware of situations and action plans are developed to improve care. The event reporting system is the primary source in UCLA Health that helps us identify opportunities for improvement. In preparation for the SOFI go live, all UCLA staff are required to watch the following culture of safety video, which also includes training on how to report an event in SOFI. In addition, on-site training will be provided to leaders who receive and follow up on events prior to go live. We are very excited for the implementation of SOFI as UCLA Health continues its journey toward growing a stronger culture of safety with the entire UCLA team. If using a Mac, please use Chrome or Firefox.
